

Northlands Job Corps Center

ABOUT

Education & Training Resources (ETR) is a qualified Workforce Development Company with over 25 years of experience in managing both residential and non-residential workforce development programs, including Job Corps Centers, WIA Youth and Adult Programs, Summer Youth Employment Programs, School-to-Work Transition Programs, and Welfare-to-Work (TANF) Transition Programs. Education & Training Resources is dedicated to enhancing the lives of all our students. We manage projects and provide training with a goal of helping our students pursue high growth and high demand careers. We collaborate with a variety of youth organizations, workforce development entities, as well as secondary and post-secondary educational institutions in order to help our students fulfill their professional career goals. A recognized strength that places ETR above other workforce development providers is the lasting relationships we establish with each student; and, our individualized approach to helping our students achieve their academic, career training and employment goals.
